

Green Energy Purchase Program

The SunWatts Green Energy Program lets you support renewable energy in a way that's comfortable for you. Each \$2.00 you contribute will be used to create a 50 kilowatt-hour block of renewable energy! You can purchase as many blocks as you wish and you can opt-out at any time just by calling Trico.

100 percent of your contribution goes toward installing renewable energy generation systems throughout Trico's service area.

Just fill out the form below and mail it to Trico to get started!

YES! I want to support renewable energy technologies!

Please print:

Trico customer name: _____

Trico account number: _____

Number of 50 kWh blocks of renewable energy you wish to purchase: _____

Number of blocks * \$2 each = \$ _____*

**This amount will appear as a line item on your monthly electric bill*

I understand that the amount above will be reflected as a line item on my bill. I also understand that I can opt out of this program at any time by calling Trico at 744-2944. I also understand the 50 kWh blocks of energy I purchase will not offset my monthly electric usage; it's simply a voluntary contribution to help install more renewable energy generation.

Signature _____ Date _____
